

# My Visit to Allied Therapy

## Social Story

**Today, I'm going to Allied Therapy to see my friends.  
They are kind and make me feel happy!**

**I will go inside. I will take off my jacket and shoes.**

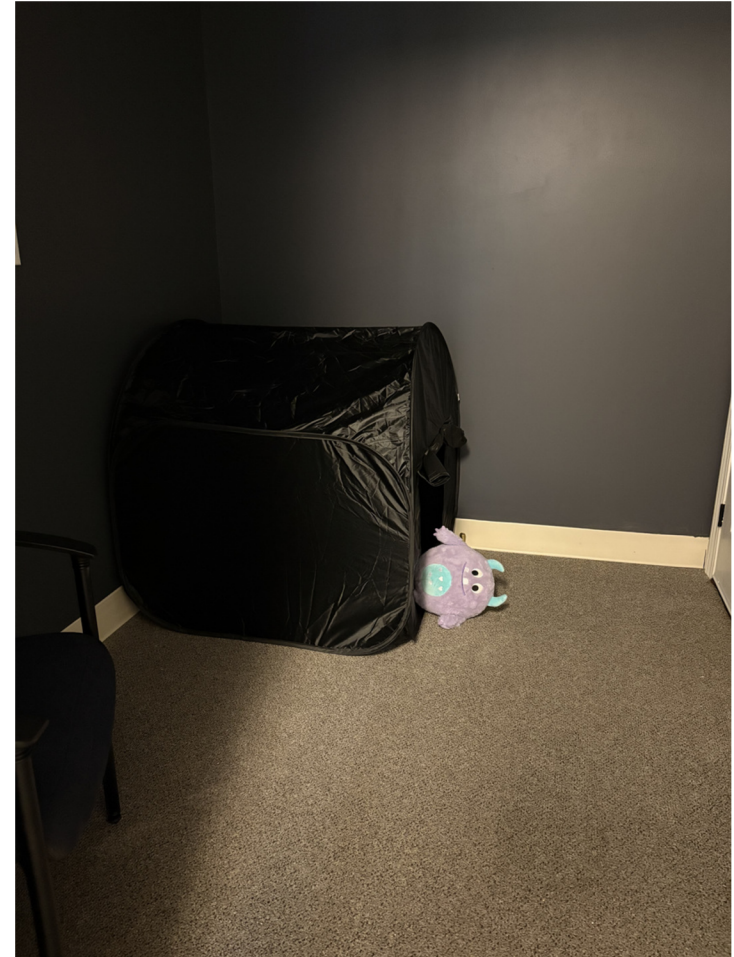

**Say "Hi!" to Allie D!**

**I will wait for my turn. There might be other kids, toys, or books.**

**I will walk to a special room. The room might have mats to jump on or toys to play with.**

**The sensory rooms have soft lights, sounds, and toys to touch. These things can help me feel calm.**

**I might see a door with a stop sign. The stop sign means stop and wait.**

**I will stay in the room until it's time to leave. I will try my best.  
I can ask for a break if I need one.**

**When my session is done, it's time to go.  
I will put on my jacket and shoes, then I will go home.  
I can feel proud!**

**I am excited to go to Allied Therapy!  
It is a safe and friendly place where I can learn and feel good.**
